*Capturing your Joy.*

DOCUMENTING YOUR DAY.

Long after the big day - after the emotions have dwindled and life has settled down. As you sit in your living room reminiscing on the best day of your life, you'll find that one of the best decisions you made for your wedding day was to book a professional photographer.

The images last a lifetime and are the most tangible reminder of the day your life changed forever.

Choosing a good photographer is an important task. It has to be someone you trust and are confident will document your wedding day professionally and elegantly - all while providing you a top notch experience throughout the whole process.

Communicating with vendors, creating timelines, directing, and taking the photos are all part of my role as the photographer.

Photography is my passion and capturing great moments for you is my goal.

Trained in Luxury Wedding Photography, and having 6+ years of portrait, family, event, and engagement photography, I am confident I will be able to capture photographs you love and can't wait to share with family and friends.

Classic / Elegant / Timeless / Forever

Yours,

*Christian*
